# Telegram based GPT Bot

Ayush Paul
Prabhat Namdharani

# Technologies used

1. NodeJS
2. Open AI API
3. GPT 3.0

Plan

- Connect to Telegram and make a bot
- Have basic bot commands
- Connect to the Open AI API and test its commands.
- Connect both Telegram and GPT
- Fix any bugs or issues that might pop up.
- Deployment
- Make a demo video

Live Demo (February 23)
